CERTIFICATE

Content of Recycled Material in Malleable Iron TOLCO Products Imported to the Corona, CA Facility as of Aug. 21, 2007

This is to certify that TOLCO's imported malleable iron products, which are marked with a foreign country of origin, are made from a minimum of 50% (by weight) recycled material content. This includes malleable iron products, including, pipe hangers, supports, beam clamps, rollers and various other products and components. This estimation is based on an aggregate of all products and components imported to the Corona facility. Information on recycled material content on each imported item has been provided to TOLCO from its overseas suppliers.

Respectfully Submitted,

Cathy A. King
Director, Materials & Office Operations
