

Proven Every Day // Proven Everywhere®

Lubri-Joint® Gasket Lubrication

LUBRI-JOINT® is ideal for lubricating rubber gaskets found in mechanical pipe couplings. Used on fire sprinkler systems, potable water pipelines, concrete piping, water works and numerous industrial piping applications.

LUBRI-JOINT® promotes proper gasket expansion during pipe insertion to ensure a correct fit of the coupling.

FGG/BM(r), FlowGuard Gold(r), BlazeMaster(r) and Corzan(r) are registered trademarks of The Lubrizol Corporation.

- Water dispersible
- Suitable for all types of pipelines, including PVC pipe
- Contains no petroleum
- Will not deteriorate natural or synthetic rubber, plastic gasket or cast iron pipe.
- Can be applied to wet or dry surfaces.
- Does not support bacteria growth

- No objectionable odor
- Leaves no odor or taste in pipelines flushed in accordance with recommended AWWA procedures
- Safe for use with all CPVC pipe and fittings, including BF Goodrich BlazeMaster®, Flow Guard Gold®, and Corzan™ pipe
