## Vertical Integration for Quality from Start to Finish

You want the confidence that comes from knowing that nothing is left to chance. When you install CPVC sprinkler piping from Viking Plastics, you are assured of quality in every link of the supply chain. We partner with BlazeMaster®, the proven leader in CPVC compound technology, to deliver products that meet the requirements of the industry's most demanding testing and standards agencies: UL, FM, ASTM, NSF, ANSI, and the Plastic Pipe Institute.

Viking is the only 100% vertically integrated sprinkler systems manufacturer, fabricator, and distributor in the United States. We understand the importance of CPVC material compatibility, and product dependability is a major focus for everyone in the Viking supply chain.

## The Viking Plastics Difference

- Protected by industry-leading CPVC compatibility program and Lubrizol's FBC System Compatible program
- Access to training for CPVC installation guidelines, techniques, and best practices
- Product consistency throughout our network of Viking SupplyNet locations
- Vertical integration means Viking is your single source for steel pipe fabrication, distribution, and technical support

**BlazeMaster®**  
CPVC FIRE SPRINKLER PIPE

BlazeMaster is the first and only fire sprinkler CPVC that meets the ASTM 4120-06 material classification with a pressure/temperature rating of 100 psi at 180° F.

## A Complete, Integrated Residential Solution

Freedom® Residential Fire Sprinkler Systems offer the broadest available line of UL and cULus Listed residential fire sprinklers for NFPA 13, 13R and 13D installations. With low flow and pressure requirements, exceptional coverage areas, the smallest available cover plates, and an almost unlimited selection of custom cover plate colors, Freedom® is your ultimate residential solution.

It's all available through Viking SupplyNet worldwide locations. Rely on our consistent product availability, prompt delivery, timely technical support, and anything else you need to eliminate job-site surprises. With our "whatever it takes" standard of customer service, you can install knowing you have a trusted partner with a dedicated focus on your business.

From single dwelling homes to high-rises, rely on Viking CPVC Sprinkler Piping and Freedom Residential Sprinklers.
