 The technical data described herein is for components of the Viking Oxexo PR Fire Extinguishing Systems.  
 Visit the Viking website for the latest edition of the technical data and system manuals.

**1. DESCRIPTION / FUNCTION**

The electric release device reset tool functions to reset the electrical actuator after the operation of the release. The reset tool is also to be used during any maintenance, routine or otherwise.

**NOTE:** There will be an audible "click" when the pin is properly reset into place. If the reset tool becomes too worn and there is no audible "click", the electrical acutator is not fully reset (see Figure 1 for accepted wear limit).

**2. LISTINGS AND APPROVALS**

Listings and Approvals are in the name of the manufacturer on a component basis. Refer to the manufacturer's documentation for more information.

**3. TECHNICAL DATA**

**Marking**

- Manufacturer Logo: Logo
- Part Number: 934652
- Manufacture date: YYYY-MM

**Material Standards**

- Lever with heat shrink tube: Brass/Rubber
- Screw connection: Brass
- Connecting bolt: Steel

Designation	Part no.	Weight
Reset Tool	934652	0.77 lbs (0.35 kg)

 **WARNING:** Cancer and Reproductive Harm-
